Learning in Maths

Children in Class 2 have been learning about positional language, which leads into work on angles further on in school. We use learning outside as well as a range of practical strategies, and formal recording in maths books.

In Class 5, they use this understanding from Class 2 to measure, describe and name different angles. Practical work outside supports learning in the classroom. Check out our maths curriculum page on the website for more information and year group targets.

Extended schools provision for next half term

The form for Rise & Shine and Chill club will close today at 4pm. Please book on if you need before or after school care.

Maths workshop

Thank you to all the parents who were able to attend the workshop on Monday. We hope that you found it useful. Mrs Lingham shared information about Maths Shed—the new homework platform, how we use White Rose as our maths scheme of work, and the information on our website about maths. We also looked at the year group maths targets and staff modelled some computation strategies. By Monday we will put the PowerPoint on the maths page of our website—but this is a good place to visit for more information anyway.

Jubilee celebrations—School Jubilee Family Picnic

On Friday 27th May we will be holding a Jubilee Picnic at school from 12 noon until 1.00pm.

Thank you if you have completed the form to let us know that you will be coming. The form has now closed but if you have forgotten to complete it and you do wish to come along please let us know by Monday so that we have a clear picture of numbers.

Please bring along seating or picnic blankets—we have some in school but not sufficient.

The plan will be to arrive for 12 noon. The children will collect their picnic in a jubilee box from the hall a class at a time. We will sit on the football pitch area of the school field. There will then be some equipment and games out for the children to play until the end of lunchtime at 1.00pm.

At the moment, the forecast is looking dry for Friday—so fingers crossed that this continues. Sadly there is not a wet weather contingency because we don't have the space in school. If it is wet the children will have their picnic lunch in the hall and I'm afraid parents will not be able to attend.

DATE	EVENT
Thursday 26th May	Class 5 trip to Attingham—form sent
Friday 27th May	Jubilee Picnic—Parents invited. Half term break up
Monday 6th June	PD day—staff only in school
