## Online Safety—parent support

Mrs Preston has found some free webinars for parents to support with online safety. Please use the QR code to book on for some advice and support.

Managing children's digital lives can be a challenge. Should you impose strict restrictions, or is there a way to find a healthy balance? We invite all parents and caregivers of primary-aged children to join us for a FREE lunchtime webinar. This session will provide you with the information you need to make informed decisions about what might work best for your child.

## For children in nursery and Reception:

It is essential to build children's online safety awareness as early as possible. We invite all parents and caregivers of children aged five and under to join us for a FREE lunchtime session filled with age-appropriate online safety guidance.

## Class 1 plea

Does anyone have some plastic guttering or pipes which they could donate for Class 1? It is always well used for creative water play—but ours has disappeared over the holidays from the Class 1 outside area, which is very odd.

If anyone has any spare, or is able to donate any the staff and children would be very grateful. We have the stands!
